Provides Coverage Beyond Compare

The Best for CHEST INFECTIONS

STRIKES AT RIGHT TARGET

ZEDRI-500

Cefuroxime Axetil 500 mg. Tab.

- High Success rate with wide bacterial activity.
- Faster action with rapid penetration in bronchial Tissues.
- Excellent beta-lactamase stability.

5 days B.I.D
ZEDRI-250

=

10 days T.I.D with
Amoxyclav

THE CHOICEST
BRONCHO-PULMONARY ANTIBIOTIC
WITH OUTSTANDING RESULTS

IN MILD TO MODERATE INFECTIONS B.I.D. DOSE :

250 mg. for children for 5 to 10 days
or as directed by the physician.

ZEDRI Cefuroxime Axetil 250/500 mg. Tab.

OBVIOUSLY THE BEST, STRIKES AT THE RIGHT TARGET

Ovipine-200

The Anti-bacterial winner of the Decade.....still the 1st choice quinolone...

- Wide coverage of pathogens.
- Greater bio-availability (98%) than Ciprofloxacin (70%)
- Superior penetration into body fluids and tissues
- High bacterial action at very low MIC₉₀ levels
- Effective against most common pathogens
- NO RESISTANCE INSPITE OF WIDE USAGE

Ovipine-200

Ofloxacin 200 mg. Tablets

Your 1st choice in

GI Tract Infections
Respiratory Tract Infections
Skin & Soft Tissue Infections
Urinary Tract Infections

Also Available

Ovipine

Ofloxacin 50 mg. / 5 ml. Susp.

The Knockout punch against bacterial infections

SERIOUS BACTERIAL MIXED INFECTIONS !

IT'S A POWER PLAY....

USEFUL IN

- | **Mixed dysentery**
- | **Necrotic infections**
- | **Traveller's diarrhoea**
- | **Complicated vaginosis**
- | **Surgical prophylaxis**

Ovipine-O

Ofloxacin 200mg + Ornidazole 500mg tabs.
Ofloxacin 50 mg + Ornidazole 125 mg / 5ml susp.

Ovipine-O

Ofloxacin 200mg. & Ornidazole 500mg. **Tab.**
Levofloxacin 125mg. & Ornidazole 125mg. **Syp.**

Rx

Ovipine-O Tabs/Susp.

Powerpacked combination to overcome mixed infections

- | **A better fluoroquinolone-nitroimidazole combination**
- | **No metallic after taste**
- | **Improves patient compliance**
- | **Just B.I.D. Dose**

In clinical Conditions of LRTI
Provide Great Performance

ELVOF- 250/500/750
Levofloxacin 250/500/750 mg. Tablets

- Broad-spectrum antibacterial agent
- Active against a range of gram+ve, gram-ve atypicals and anaerobes
- Provides clinical and bacteriological efficacy in a range of infections

ELVOF *provides
advantage of once daily administration*

**Among all fluoroquinolones, Levofloxacin shows
greatest activity against the Mycobacterium tuberculosis**

- Respiratory Tract Infections
- Nosocomial Pneumonia
- Community acquired pneumonia
- Acute exacerbations of chronic bronchitis
- Urinary Tract infections
- Skin & Skin structure infections

Give **Pain & Inflammation**

Knock Out Punch

OVINAC-SP

Aceclofenac 100 mg. + Paracetamol 500 mg.+ Serratiopeptidase 15 mg. Tablets

Aceclofenac

- Effective analgesic and anti-inflammatory agent
- Possesses high bio availability of 100%
- Stimulates cartilage matrix synthesis
- Exhibits superior GI tolerability compared to Diclofenac

Paracetamol

- Effective analgesic agent
- Relieves mild to moderate body pain

Serratiopeptidase

- Potent anti-inflammatory agent
- Speeds up the tissue repair and healing

Pain & Inflammation

Back Pain

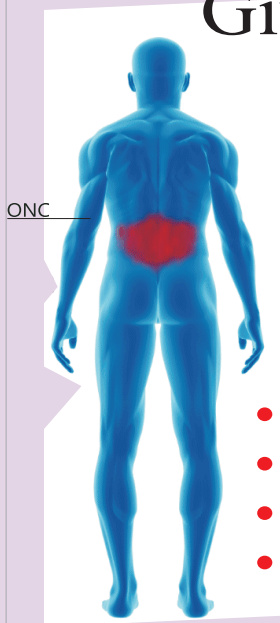

Sprains/Strains

Tendonitis/Fibrositis

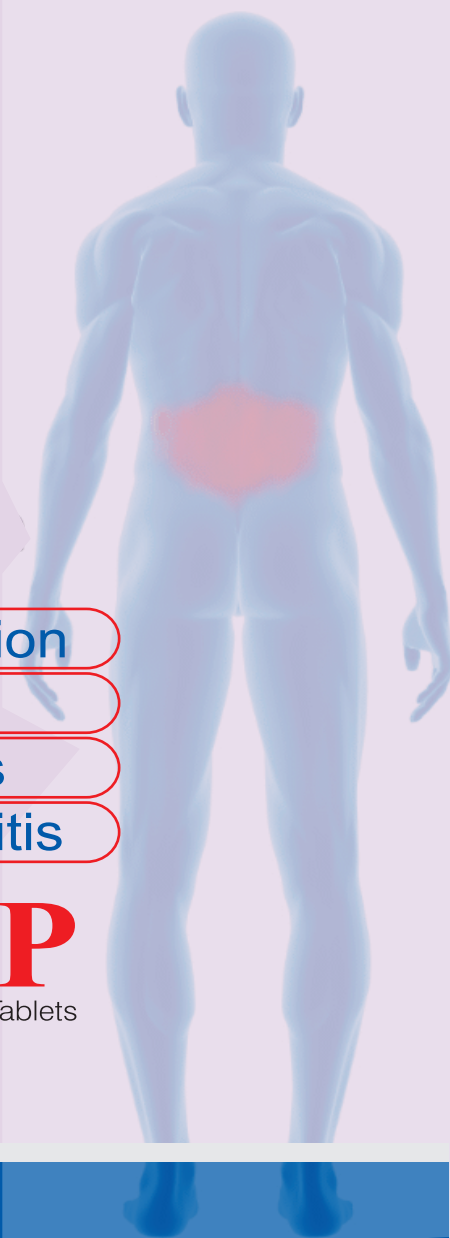

OVINAC-P

Lethal on Pain & Inflammation

ONC

Caught in arthritis pain whirlpool...
Swim to the shore with the help of

Ovinyl-P

Diclofenac potassium 50mg + Paracetamol 500mg tabs.

Diclofenac

- Inhibitor of cyclooxygenase
- Reduces intracellular concentration of free arachidonate in leukocytes
- Higher potency than indomethacin, naproxen

In

Osteoarthritis
Rheumatoid arthritis
Spondylitis

Ovinyl-P

A proven NSAID with an analgesic...

Difficult to walk even a single step ?

Diclofenac	Relieves pain and inflammation
Paracetamol	Relieves pain and associated body discomforts
Chlorzoxazone	Relieves skeletal muscle spasm

Ovinyl-MR widely indicated in

Post-accidental pain
Post-surgical pain
Sports injury
Rheumatoid arthritis

Ovinyl-MR

Diclofenac sodium 50 mg +
Paracetamol 325 mg + Chlorzoxazone 250 mg tabs.

Ovinyl-MR

A valuable combination to treat musculo-skeletal disorder...

Control excruciating arthritic pain with.....

 **Ovin** Gel

Diclofenac Diethylammonium, Linseed Oil,
Methyl Salicylate & Menthol Gel

15 gm. / 30 gm.

ONG

- Exhibits both direct and indirect inhibition of inflammatory process

Diclofenac : Acts on prostaglandin synthesis by inhibiting COX enzyme

Linseed oil : Inhibits arachidonic acid conversion to PGE(2)

- Extends support of methyl salicylate for rubefacient effect
- Relieves patients with additional cooling and soothing effect of menthol

Indicated in :

Rheumatoid arthritis

Osteoarthritis

Tinea Corporis

Tinea Unguium

Tinea Manuum

Tinea Cruris

Tinea Faciei

INDICATIONS

Aspergillosis

Cryptococcosis

Candidiasis

Mycosis

Sporotrichosis

Complete eradication of tough fungal infection

Re-establish the Conduction Between Nerves

Eunervin-Forte

Methylcobalamine, Alpha Lipoic Acid, Folic Acid, Vit B6 & B1 Capsules

- **Methylcobalamine**

Promotes myelination in neurons
Increases nerve conduction velocity In neuropathy
Recovers back the facial nerve function in Bell's palsy

- **Alpha Lipoic Acid**

Antioxidant that fight the free radicals effect
Decreases burning and sharply cutting pain, prickling sensations and numbness in diabetic neuropathy

- **Vitamin B1 & B6**

Vital for normal growth, cell reproduction & myelin synthesis
Promotes the normal functioning of nerves

- **Folic Acid**

Required for multiplication of red cells

Indications :

- **Peripheral Neuropathy**
- **Diabetic Neuropathy**
- **Drug Induced Neuropathy**
- **Bell's Palsy**
- **Sciatica**

Healthy Conduction for Healthy Nerves

Eunervin

Methylcobalamine 500 mcg. Injection

INDICATED IN :

PERIPHERAL NEUROPATHIES

REPAIRS DAMAGED NERVE TISSUE

IMPROVES SENSORY DISTURBANCES

AND DYSKINESIA

MEGALOBlastic ANAEMIA .

When reflux strikes in **HYPERACIDITY** associated with **VOMITING**,

Control both with,

Eutorab-DSR

Rabeprazole 20 mg.+Domperidone 30 mg. Capsules

The comprehensive protection in GERD

Enteric coated pellets of

Rabeprazole 20 mg for Hyper acidity

Provides control from

Hyper acidity and heartburn¹

**Nausea &
Vomiting why
Endure ?**

EUVOM

is a definite cure!

Ondansetron 4 mg tabs.

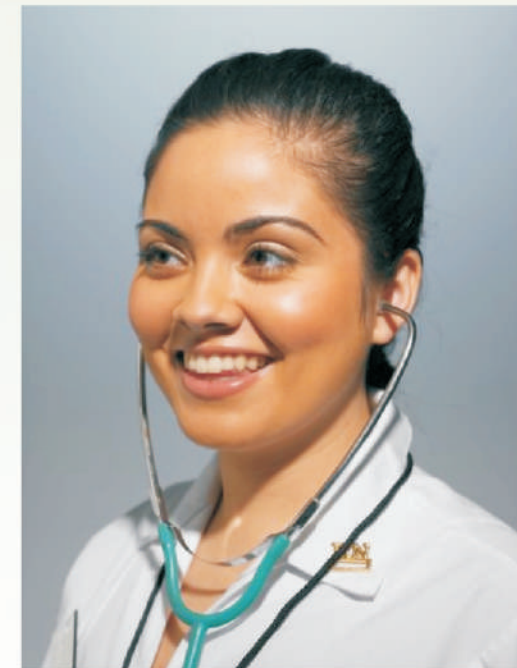

EUVOM

- Antagonises 5HT₃ receptor in CNS
- Non sedating with proven 24 hrs efficacy
- Acts peripherally (gastrointestinal tract) & central (Medulla)
- Effective and safer anti-emetic for PONV (Drugs feb 2000)
- Superior to metaclopramide concerning antiemetic efficacy (acta oncol 1195; 34-2; 243-6)

Rx

Euvom for:

- **Post operative nausea & vomiting** (PONV)
- **Cancer chemotherapy induced nausea & vomiting** (CINV)
- **Radio-therapy induced nausea & vomiting.**

Complete relief in
ACIDIC CONDITIONS

Inicid-M

Magaldrate 250 mg. + Simethicone 25 mg. + Oxetacaine 5 mg.

MAGALDRATE :

- Rapidly reacts with acid & provides neutralizing effect

SIMETHICONE :

- Reduces the surface tension of the frothy gastric contents, thus allows gas to escape
- Relieves associated indigestion, flatulence & reflux

OXETACAINE :

- A potent local anesthetic.
- Used in pain associated with peptic ulcer disease or esophagitis.

GASTRITIS

GERD

HYPER ACIDITY

HEART BURN

DYSPEPSIA

Inicid-O

Sucralfate 1 gm, Oxetacaine 10 mg. / 10 ml.

Inicid Gel

Antacid Susp. Delicious Aniseed Flavour gel

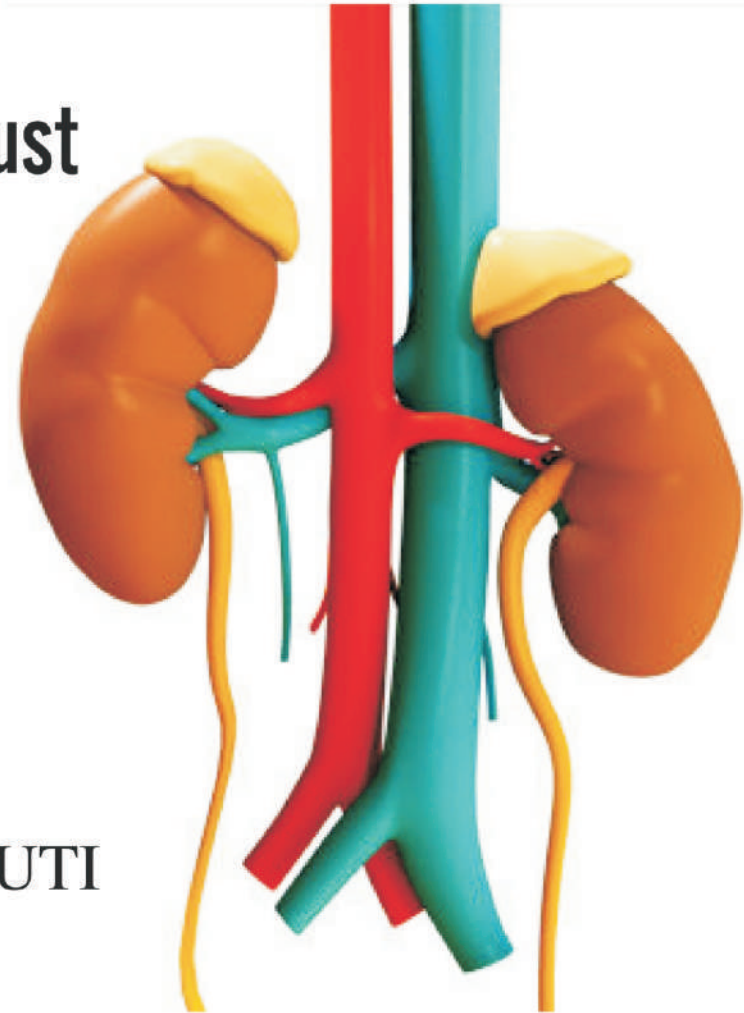

PROTECT AGAINST EXCESSIVE HYPERACIDITY

A Systemic Alkalizer with Years of Trust

Lizer-Z *Syrup*

It is a systemic alkaliser which relieves the discomfort of cystitis caused by lower UTI

- ▶ Administered to patients with Dysuria/UTI
- ▶ Increases the pH of urine
- ▶ Reduces the effect on sensitive urethra
- ▶ Mild flushing effect in UTI
- ▶ Enhances the effect of some antimicrobials

Offers:
Disodium Hydrogen Citrate
1.53 g / 5 ml. (100 ml.)

Still the preferred one...

Lizer-Z *Syrup*

In Angina & Hypertension

DIPINEM-AT

Amlodipine 5 mg. + Atenolol 50 mg. Tablets

Amlodipine

A selective beta blocker decreases plasma renin activity

Atenolol

Inhibits the transmembrane influx of calcium ions vascular smooth muscle & cardiac muscle

Longer duration of action, hence once daily dose is often sufficient

Prevents occurrence of reflex tachycardia

Effective control of blood pressure also did not effect plasma lipids

Indicated for :

HYPERTENSION

(Not controlled by monotherapy)

ANGINA PECTORIS ASSOCIATED WITH HYPERTENSION

DIPINEM-AT

The one to start with and stay with.....

Break the Chain of PAIN

PARA-Z 1000

Paracetamol 700mg. (SR) + Paracetamol 300mg. (IR)

SUSTAINED RELEASE PARACETAMOL

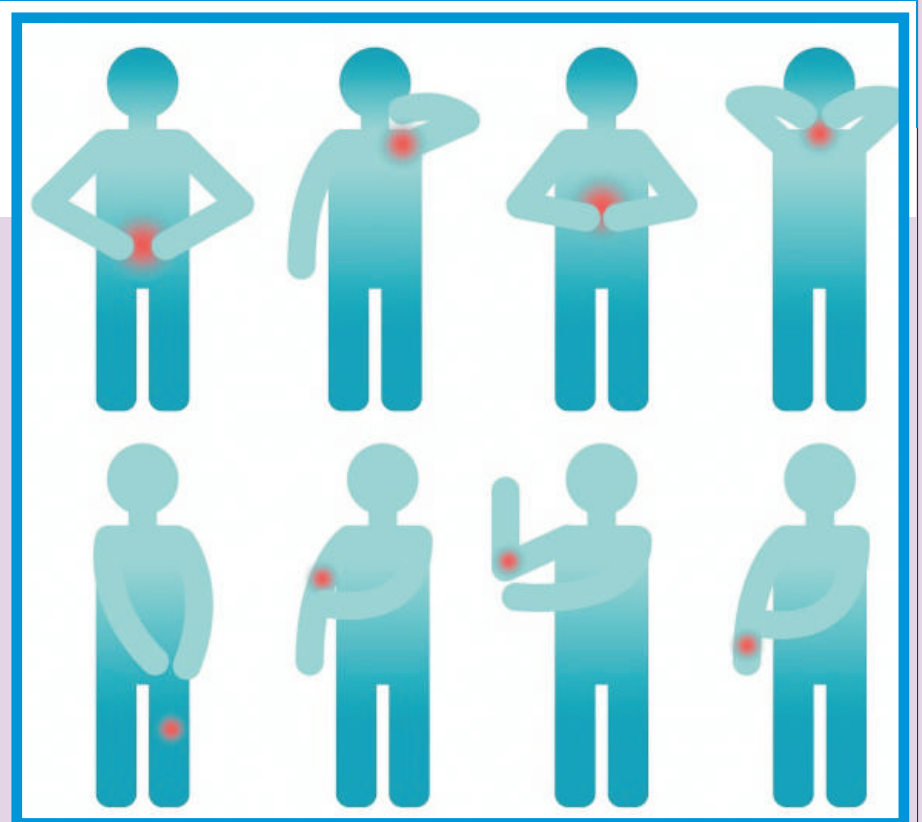

- Convenient for patients with chronic pain & enhances compliance resulting in better pain relief.
- Provides lasting pain relief & reduces risk of rebound pain.
- Maintains consistent mean plasma concentrations above the estimated minimum therapeutic concentration throughout the 24 hours period.

IMMEDIATE RELEASE PARACETAMOL

- Immediately attains the desired therapeutic concentration of drug in plasma in short period of time.
- Has rapid onset of action and supports sustained release activities.

The Powerful Performer.....

For Extraaaa...Relief

INDICATIONS

- Chikungunya
- Chronic Back Pain
- Febrile Fits / Convulsions
- Severe Headache / Cephalgia
- Piles
- Skull Fractures
- Amoebic Dysentery
- Torticollis

For the Prevention and Treatment of Iron Deficiency

Fefa

Ferrous Ascorbate 100 mg., Folic Acid 1.5mg.,
& Zinc Sulphate 61.8mg. Tablets

Ferrous Ascorbate

- Ensures highest percentage absorption
- 2-5gm% rise in Hb
- More than 97% patients turn non-anemic within a month

Folic Acid

- Helps in maturation of RBC

Zinc

- Vital for growth & development (especially bones & tissues)

The efficient Iron Supplement for All

Best Option For *Strong Bones*

Keeps the Bone
100% fit

CALZAT-1000

Calcium Citrate Maleate 1000mg., Vit. D3 1000 IU, Vit. K27 90mcg.,
Magnesium Oxide 50mg., Zinc Oxide 15mg., Methylcobalamine 1500mcg.
& Folic Acid 1.5mg. Tablets

CALCIUM CITRATE

- Most important nutrient in reducing risk of Osteoporosis
- Offers better bioavailability

VITAMIN D3

- Helps in absorption of Calcium
- Promotes bone mineral density

VITAMIN K27

- Essential for healthy arteries & strong bones
- Promotes skin, brain & Prostrate health

ZINC SULPHATE

- Vital for fetal development

MAGNESIUM HYDROXIDE

- Helps in bone mineralization & needed for synthesis for connective tissue,

METHYLCOBALAMINE

- Helps in the formation of osteoblast cells

FOLIC ACID

- Healthy growth and prevention of NTD

SENILE OSTEOPOROSIS

POST MENOPAUSAL OSTEOPOROSIS

DRUG INDUCED OSTEOPOROSIS

GLUCOCORTICOID INDUCED OSTEOPOROSIS

PREGNANCY / LACTATION

A Versatile Steroid with comfort of coverage

ZECORT-6

Deflazacort 6 mg. Tablets

- Negligible effect on bone mineral density
- No effect on blood glucose level, minimal weight gain
- Minimal HPA-axis suppression
- Minimal mineralocorticoid activity
- Maintains most of the anti-inflammatory effects of prednisone while appearing to have fewer adverse effects on the skeleton
- Deflazacort beyond conventional corticosteroids less diabetogenic effects as a dissociated corticosteroid.

Indications :

- **RHEUMATOID ARTHRITIS,**
- **SEVERE ASTHMA**
- **SYSTEMIC LUPUS ERYTHEMATOSUS (SLE)**
- **OTHER INFLAMMATORY REACTIONS.**

The most trusted steroid

**The resistance Buster, Day to Day
Infection Fighter.....**

To address Rhinitis

Euzin-M

Levocetirizine 5 mg. + Montelukast 10 mg. Tablets

Rx

For Chronic Allergic conditions

Seasonal Rhinitis

Perennial Rhinitis

Rhinitis associated with Ashthma

Chronic Idiopathic urticaria

“Leukotrienes give rise to potent biological actions, increases mucus production, causes inflammation, thus narrows down the airways”

Also Available

Euzin-5

Levocetirizine Hcl 5mg. Tab.

Must in allergic Rhinitis

Build the body **STRONGER & HEALTHIER** with...

PINEPROT

Proteins + Vitamins + Minerals **POWDER**

- Good source of Vit. D in pregnancy.
- Controls excessive blood glucose levels.
- Reduces the risk of heart disease..
- Promotes infant growth & development in pregnancy.
- Decreases serum concentrations of total cholestrol, LDL cholestrol & triglycerides.

- **Pregnancy & Lactation** ● **General Debility** ● **Diabetes**
- **Impaired Growth** ● **CVS Disorders** ● **Immune Deficiency**

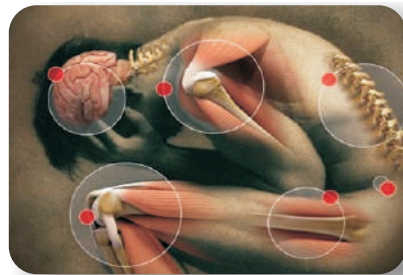

Also Available

MileStone
American Icecream
flavour

Enriched with
DHA & GLA

**Committed, Powerful NSAID
highly selective for COX-2**

Z-Coxi-120

Etoricoxib Tablets 120 mg.

Z-Coxi-120 Provided effective and sustained relief of Osteoarthritis pain similar to the maximum daily dose of Diclofenac

In Acute Gouty arthritis **Etoricoxib** 120 mg once daily compared with one of the gold standards indomethacin 50 mg three times daily

Etoricoxib provided rapid and powerful relief of extending pain

Etoricoxib delivered and inflammatory power similar to indometacin

ZCX

Also Available Z-COXI 90MG.

No more worries about their
feeding & growth

TCP

Tricholine Citrate 275 mg. & Cyproheptadine 2 mg. Syrup / Drops

STIMULATES DUODENAL SECRETIONS
TONES UP THE ENTIRE DIGESTIVE SYSTEM
RESTORES APPETITE

Cyproheptadine

- An effective appetite stimulant with minimal side effects in children.
- A relatively safe compound & may be of therapeutic benefit in treating negative symptoms of schizophrenia

Intestinal Malabsorption

Anorexia

Sluggish Peristalsis

Indigestion

Block builder for young lives

Now that's what we call an invention

Regain 369

Omega-3, Omega-6, Omega-9 **Capsules**
(A Liquid Filled vegetarian Caps)

- Plays A major role in the Cardiovascular Health
- Vital for Normal Cell Growth

THE PERFECT BLEND OF “**GOOD FATS**” for the body....

WHEN DIET CANNOT MEET THE NEEDS

- The natural way to feel happy, energetic and healthy. ■
- Human body is not able to produce these fats internally. ■
- Still ab appropriate level is required for proper body functioning. ■

A Complete Cough & Allergy Cure

*When allergic conditions
restrict your patients from
enjoying nature*

In

*Bronchial Asthama
Chronic Bronchitis*

● *Productive Cough*
● *COPD*

Eurex-TR

Terbutaline Sulphate 2mg, Cetirizine 5mg &
Ambroxol Hcl 30mg Tablets

Ambroxol

- A mucolytic mucokinetic in infective respiratory disorders
- Effective anti-oxidant and anti-inflammatory functions
- Reduces bronchial hyperreactivity

Terbutaline

- Prevents bronchospasm in patients with bronchial asthma & reversible bronchospasm associated with bronchitis & emphysema

Cetirizine

- Highly specific peripheral H₁ receptors antagonism
- Time tested and well documented
- Marketed inhibitory effect on eosinophil migration during the late phase of allergic response

When cough, constriction & mucous blocks make your patients feel trapped

Provides
strength
to Fragile
Joints

Pyrokem-20

Piroxicam 20mg. Tablets

- 
- Effective in treating high fever, acute painful conditions & severe inflammatory conditions.
 - Inhibits cyclooxygenase (COX) & exerts anti-inflammatory activity.
 - Instant onset of action ensures fast relief from the symptoms.
